GLASS DOORS

Door Systems for Wood & Gas Fireplaces

GLASS DOORS

A beautiful fireplace truly is the Heart of the Home. Furnishing the hearth with elements of quality and style is the foundation of the home's design character and quality.

This is our passion at HearthSide Designs; the exclusive provider of quality, handcrafted hearth furnishings for FMI Products, LLC.

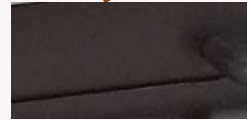

Whether your environment is traditional, contemporary or modern, the glass door system by HearthSide Designs will accent the unique setting of an important focal point in your home. Glass doors not only allow a clear view of the fire, but ensure a safe barrier that your family can depend on. HearthSide Designs glass doors feature a unitized aluminum frame with high temperature anodized finishes in black, platinum, brushed brass, ebony, pewter & oiled bronze.

HearthSide Designs glass doors include a door track suspension system that fully supports the doors for proper alignment. The door system is fully assembled and designed for easy installation. HearthSide Designs glass doors are available in bi-fold and fixed styles. Glass doors are also available for multi-view fireplaces. Refer to the catalog for all glass door models.
